\* The "Non Level-Specific Beds" category includes 41 different bed types such as Protective Housing Unit, Security Housing Unit, Administrative Segregation Unit, and medical beds. From April 2016 forward, the non level-specific beds total includes Community Rehabilitative Program Placements (which is comprised of Alternative Custody Program, medical parole, Custody to Community Treatment Reentry Program, and Male Community Reentry Program beds).

† The "Contract/Leased Beds" total does not include female beds, because they are included in the "All Female Beds" category.

Note: Security level I, II, III, or IV is assigned to an offender based on the Inmate Classification Score System score ranges. The higher the score, the higher the security level.

# GLOSSARY

**California Static Risk Assessment** – A tool that utilizes an offender's demographic and criminal history data to predict their risk of recidivating upon release from the Department. Offenders are categorized as having a low, moderate, or high risk to reoffend.

**Caseload Supervision** – Parole agents supervise parolees based on specific categories, such as deported cases, Global Positioning System cases, Enhanced Outpatient Program cases, etc. Because each of these categories requires a different amount of supervision time, ratios have been determined to provide the best possible scenario for keeping track of these parolees. The more serious or higher priority cases require more supervision, thus, requiring the parole agent to keep in closer contact with that group than some of the less serious cases.

**Compassionate Release** – A process by which offenders may be eligible for immediate early release on grounds of particularly extraordinary or compelling circumstances which could not reasonably have been foreseen by the court at the time of sentencing.

**Correctional Clinical Case Management System** – A system utilized by the Department that facilitates mental health care by linking offenders to needed services. Offenders receiving these services are housed within the general population and participate in outpatient services including individual counseling, crisis intervention, medication review, group therapy, social skills training, clinical discharge, and pre-release planning.

**Division of Adult Parole Operations (DAPO) Regions** – The Southern Region is comprised of Los Angeles, San Bernardino, Orange, Riverside, San Diego and Imperial counties, while the Northern Region is comprised of the remaining 52 counties. Previously DAPO was categorized by Regions I and II, now known as the Northern Region, and Regions III and IV, now known as the Southern Region.

**Department of State Hospitals** – The Department of State Hospitals provides mental health treatment at five State hospitals and three psychiatric programs located in state prisons.

**Determinate Sentencing Law** – Effective July 1, 1977, this law provides for a sentence of confinement for a fixed time period that is specified by statute.

**Enhanced Outpatient Program** – Provides the most intensive level of outpatient mental health care, including separate housing, weekly structured clinical activity, bi-weekly clinical contacts and enhanced nursing services, for offenders with mental illness who have difficulty adjusting to a general population setting, but do not need 24-hour inpatient care.

**Global Positioning System** – An electronic tracking tool to assist in supervising offenders who are at high risk of re-offending and where knowledge of their whereabouts is a high priority for maintaining public safety.

**High Risk Sex Offender** – A convicted sex offender who has been deemed by the Department to pose a higher risk to commit a new sex offense in the community.

**Offender Based Information System** – In 1976, the Offender Based Information System (OBIS) was created to track offender movements and status from reception through discharge. OBIS was replaced by the Strategic Offender Management System in 2013.

# GLOSSARY

**Penal Code** – The California Penal Code is a set of laws relating to crimes and punishments for crimes in the state of California.

**Post Release Community Supervision** – Under the Public Safety Realignment Act of 2011, when offenders with current (irrespective of priors) non-violent, non-serious offenses, and non-high risk sex offenders, complete their prison term, instead of paroling, they are discharged to their county of commitment’s probation department to be supervised during their post release community supervision period.

**Proposition 36** – Proposition 36, enacted in November 2012, revised the Three Strikes Law to impose a life sentence only when a new felony conviction is serious or violent. It authorized resentencing for offenders currently serving life sentences if the third strike conviction was not serious or violent and a judge determined the sentence does not pose unreasonable risk to public safety. It continues to impose a life sentence penalty if the third strike conviction was for certain non-serious, non-violent sex or drug offenses or involved firearm possession. It maintains a life sentence penalty for felons with a non-serious, non-violent third strike if prior convictions were for rape, murder, or child molestation.

**Proposition 47** – Proposition 47, enacted in November 2014, reclassifies non-serious, non-violent crimes from felonies to misdemeanors provided the perpetrator or defendant does not have previous convictions for violent crimes or certain sex offenses. Cost-savings resulting from the reduction in the prison population due to the proposition are distributed to the Safe Neighborhood and Schools Fund to enhance educational, victims’ compensation, and correctional programs.

**Proposition 57** – Proposition 57, enacted in November 2016, incentivizes offenders to take responsibility for their own rehabilitation with credit-earning opportunities for sustained good behavior, as well as in-prison program and activities participation. Proposition 57 also moves up parole consideration of those non-violent felons who have served the full term of the sentence for their primary offense and who demonstrate that they should no longer be considered a current threat to public safety.

**Second Striker** – An offender who has one prior serious or violent felony conviction pled and proven in court and who is convicted of any new offense, which results in the new term being doubled.

**Serious/Violent** – Serious, as defined in Penal Code §§ 1192.7(c) and 1192.8; and violent, as defined in Penal Code § 667.5(c).

**Strategic Offender Management System** – The Department’s current database which automates intake, movements, counts, and scheduling processes. This database includes data converted from legacy systems like the Offender Based Information System and the Distributed Data Processing System.

**Third Striker** – An offender who has two or more prior serious or violent convictions pled and proven in court and who is convicted of another offense, which results in the term being at least 25 years to life.
